Never too comfortable

Audio CD

Anders Aarum Shakin' Our Souls

Things never get too comfortable on *Shakin' Our Souls*. It offers driven, classically schooled jazz. Dreamy beatscapes propelled by pulsating grooves. And thrown in for good measure, there's also the occasional excursion into atmospheric electronics.

The album feels like a roller coaster ride. Aarum won't even decide which instrument to focus on: Rhodes, Moog or the piano? Thankfully for the listener, he just cannot decide.
