

Eternity in a Moment

Oddgeir Berg Trio In The End Of The Night

Not a year has passed since the Oddgeir Berg Trio presented its debut and toured the world. In the End of the Night feels inspired by the tight rope act of their live gigs.

The familiar bittersweet harmonies and cinematic sound are still present. This time, however, they're juxtaposed by subtle electronic experiments and furious rock.

All ten tracks were recorded in a mere two days. It is testimony to the basic creed of jazz: Looking for eternity in each passing moment.
